

The average eco-school committed to David Luke eco-uniform will prevent over 16,750 plastic bottles going to landfill.

An eco-uniform student will save 48 bottles going into landfill from the uniform they have purchased.

A student's eco-uniform will prevent 70% of the plastic bottles they throw away going to landfill.

With those 16,750 bottles lined up, it is the equivalent distance to:

Going up & down
BIG BEN
28
times

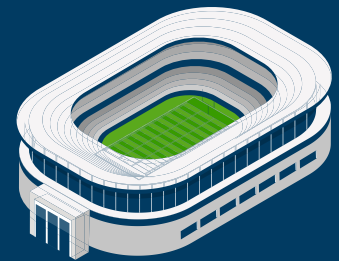

Ascending
BEN NEVIS

4
times

Walking round
WEMBLEY STADIUM

5 times

The bottles saved from landfill through each garment include:

18 bottles

5 bottles

5 bottles
